

Jenzi LED Tip Light Bite Indicator

Jenzi

Product number: JE-LTL

With this LED tip light, losing or dropping the tip light during the drill is a thing of the past.

8,30 €* 8,30 €

It is fixed to the rod tip by means of a specially developed folding mechanism. This LED tip light is suitable for rods with a blank diameter of up to 2.6 mm. Therefore it can be used for almost all rods from a fine feeder rod to a stronger ground rod. Supplied without battery. Battery required: 3.0 V CR435 or 3.0 V CR425.
