

Hideup Stagger Original Softbait #110 Peach Candy

Hideup

Product number: HU-STGRO-110

Softlure with lifelike running characteristics out of the weedless swim bait series by HideUp.

11,49 €* 11,49 €

The Hideup Stagger is a soft lure as it is written in the book: lifelike running characteristics when twitching, classic sizes on which every robber jumps immediately and a variety of mounting options such as with jig head, Texas Rig, No Sinker Rig or Scoon Rig

Thanks to the special groove shape, the Stagger transmits strong vibrations during the run and the flattened topside gives the already very strong rolling action a certain something. Fished weightless on the No Sinker Rig, the flat topside provides more blistering at the water surface than it is the case with round soft lures, that immediately attracts the attention of the predators.
