

Turus Ukko Original Lure 244 Fire Flame

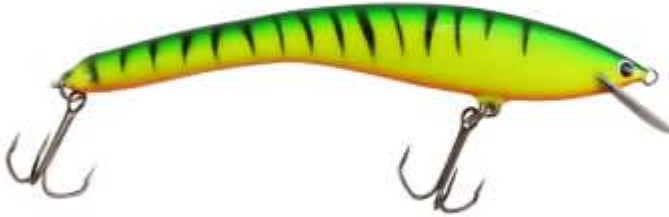

Turus Ukko

Product number: TU-244

The original from Finland. Handcrafted and tank tested.

0,00 €* 0,00 €

The legend is alive! Only a few artificial lures have achieved such a cult status as the **Turus Ukko Original** from Finland. The numerous members of the fan base know exactly why: Unequaled in action and processing countless capitals go to the account of this exceptional wobbler.

You've got one of the most exclusive predator fish lures in Scandinavia in front of you. In the fish-rich Saimaa Lake District in eastern Finland, the Ukko Wobbler is made exclusively by hand. Its unmistakable shape and the high-quality, durable special finish in catchiest decors guarantee joy and success when fishing. Each Ukko is individually tank tested. Only qualitatively perfect and aligned exemplars leave the factory. The Ukko Wobbler is a deep runner that responds to the lowest retrieve speeds with a powerful, attractive action. Discover its excellent bait game and fish it creatively, then the Ukko generates sensory stimuli that hardly a predator can resist.

- Material: Apache wood
- Processing: Multiple paint
- Quality control: Hand selected and tank tested
- Swimming behaviour: Floating
