

A-Tec Crazee Boat Seabass Spinning rod

The rod series Crazee from A-Tec contains extreme light and high-grad carbon rods at a good price-performance ratio.

The spinning rods **Crazee Boat Seabass S632ML/S682ML** are designed for short-distance shore and boat fishing and come with a casting weight from up to 24g resp. 28g.

These two rods impress with a precious look and premium components like, for example, a carbon blank, Fuji guides and a Fuji VSS reel seat.
