

BKK Nemesis Creatures and Shads Offset Hook

BKK®

BKK

Product number: BKK-NMS

The BKK Nemesis is designed to Texas rig bulkier profile soft plastic baits such as flukes and swimbaits.

4,99 €* 4,99 €

For such purpose, the hook has an extra wide gap design that makes sure there is enough room between the shank and the point to ease the hook set.

Besides, the hook has a medium-light gauge that is specifically chosen to fit medium and light-weight lines. BKK's needle sharp hook point and Super Slide coating provide an enhanced penetration performance by reducing the piercing resistance, thereby increasing the hook up ratio.
