## Illex Bonnie 95 Silent - The ultimate surface lure for discerning anglers

### Master the "walk the dog" technique with this surface wonder

Discover the **Illex Bonnie 95 Silent**, the revolutionary surface lure designed specifically for anglers who value discretion and efficiency. With its unique ability to cover large areas of water quickly and locate fish effortlessly, the Illex Bonnie 95 Silent is the perfect lure for versatile fishing conditions.

- **Size and weight:** With its 9.5 cm length and 12.8 g weight, this floating lure enables impressive casting distances and precise landings.
- **Versatility:** Suitable for a variety of fish species such as zander, perch, pike, black bass, sea bass, rainbow trout, salmon, asp and trout.
- **Unique design:** Equipped with a triple eye attachment system for variable swimming movements and four separate inner chambers that guarantee perfect balance and stability on the water surface - similar to a traditional wooden lure.
- **"Walk the Dog" technique:** The Illex Bonnie 95 Silent is optimised for the "Walk the Dog" technique. Its construction allows for easy and effective guiding while floating on the surface during pauses in the retrieve, making it particularly attractive to predators.

### Why the Illex Bonnie 95 Silent should be your next favourite lure

This lure is the perfect choice for anglers who need an effective but unobtrusive surface lure. Its special construction for the "walk the dog" technique, combined with its ability to linger on the surface of the water,

makes it a must-have for your fishing equipment. Regardless of the conditions - whether in calm lakes or on the open sea - the Illex Bonnie 95 Silent offers unrivalled performance and improves your chances of a successful catch.

Enhance your fishing adventures with the Illex Bonnie 95 Silent. This lure will not only transform your fishing experience but also maximise your success rate. Get this essential lure now and see how it revolutionises your fishing.
