22,95 €* 22,95 €

Limited edition of the Squad Shad. Only Illex Pro Shops have these specimens. Perfect for less active predators and at lower temperatures. Thanks to the longer lip, the Squad Shad 65 is also well suited for slightly deeper water. The tight and attractive wobbling is very close to the swimming behaviour of the real prey. The special sound that awakens the aggressiveness of all predators is produced by small glass balls located in the head of the wobble.
