The NRS stainless steel boat knife Pilot Knife 18.4cm is an indispensable tool for boaters and adventurers.

54,95 €* 54,95 €

The NRS Stainless Steel Boat Knife Pilot Knife 18.4cm is an essential tool for professionals and recreational boaters alike. With its extra length and practical functions, it is specially designed for use on fresh water, but thanks to its versatility it can also be kept in the car, storage or garage.

The NRS Stainless Steel Boat Knife Pilot Knife 18.4cm offers versatility of use as a fishing knife, kayak knife, boat knife and sailing knife. Its robust 420 HC stainless steel construction ensures durability and covers all cutting requirements. For added security, the low-profile and quick-opening Thumbs Up Sheath, along with the lanyard attachment point on the knife handle and tip to secure the knife in rough waters. The glass fibre reinforced polypropylene handle with rubber overlay provides a comfortable grip and maximum control, even in wet environments. With a key for the oxygen tank valve in the centre of the handle and jimping along the edge of the blade, this knife is perfectly equipped to meet the demands on the water.
