Squid flavoured rubber crab for perch and zander fishing.

7,99 €* 7,99 €

Nays aim to deliver the highest quality fishing gear to ambitious anglers around the world. All products have been designed, crafted and tested adhering to the highest professional standards. In every piece of nays you find the deep practical experience of tournament fishermen and international engineering competence. Let Nays provide more professional quality to your fishing experience. Perfect for perch and zander fishing.

The CRW has often shown that it is super for catching big perch. The 3.5 inch (8.9 cm) CRW model is an excellent rubber crab for those targeting particularly handsome perch. Its size and adaptability make this lure ideal for different techniques such as Carolina rig, dropshotting, skirted jig or fishing for zander on Texas or Carolina rig. With CRW 35 anglers will experience unforgettable fishing experiences!
