

Rapala BX Minnow Lure floating TR Brown Trout

Rapala

Product number: RA-BXM-TR

Minnow made from a balsa copolymer construction.

13,99 €* 13,99 €

With the patent pending construction combining a balsa core with a durable co-polymer outer body, the BX Minnow features a super responsive action that comes alive with the slowest of retrieves and the most delicate twitches. Yet it can handle fast, aggressive retrieves and take a beating from toothy, strong predators. Precision weighted for perfect balance and long casting.

With its patented balsa copolymer construction, the BX Minnow offers predators irresistible running behaviour even at the lowest running speed and with minimal twitches. Even when guided aggressively, it awakens the primal instincts of predatory fish. Precisely balanced for accurate and long casts. The plastic shell means that even large pike teeth can't harm it.

Features:

- Balsa body inside
- Durable copolymer shell
- Molded 3D head, gills and scales
- Internal X-foil
- Flat-sided with strong flash on roll
- Black Nickel VMC hooks
- Floating
- Incredible life-like finishes
- 3D holographic eyes
- Hand-tuned & tank-tested
