Sporty sunglasses with polarised glasses and integrated reading lenses with factor +2.0.

Weight: 0.0278 kg

~~48,50 €~~

43,90 €* 43,90 €

Polarisation-glasses with integrated reading optic. The lower section of the glasses contains a reading optic with factor of +2.0. This provides for the normal advantages of the polarization lens combined with the function of a pair of reading glasses.

ADVANTAGE: Knots, small hook eyelets etc. can be detected more easily.

These CE marked sunglasses meet the requirements of the directive 89/686/EWG in accordance with standard EN 1836:2005(A1:2007) of the EU. These are category 3 (82 - 92% light absorption, dark tinted) sunglasses, it means this eyewear is allowed for driving.

Care: Clean with lukewarm water and dry with a soft cloth (lens cleaning cloth). Keep sunglasses in an appropriate case for protection.
