

NRS Paddle Wetshoe Man Black

NRS

Product number: NRS-PWSM

Neoprene paddle shoe for extra warmth and support

69,99 €* 69,99 €

Despite the high-top design for added support and protection, the NRS Men's Paddle Wetshoe maintains a low profile for fitting into tight boats. Thick neoprene coupled with a soft interior lining provides maximum insulation, while a hardy rubber sole protects your feet from rocks.

- A sustainable alternative to traditional neoprene, petroleum-free Terraprene neoprene is made from limestone and recycled tires
- Construction combines a 3 mm thick neoprene upper with titanium adhesive throughout for increased warmth
- A 3 mm thick high-traction sole, paired with a 5 mm neoprene insole and 2 mm plastic shim provides maximum protection
- Cush graphene-infused interior provides thermal-conductive properties for more warmth while also reducing water retention
- A hook-and-loop webbing strap across the top of the foot adjusts for a customized fit
- Designed with a naturally shaped toe box for all-day comfort
- The gusset-backed YKK® entry zipper opens wide, letting you easily slip the Paddle Shoe on and off, whether barefoot or over socks
- Also features a webbing pull tab to aid in donning
- Reinforced at the toe and heel for long-lasting durability
- Weight: 771 g
- Gender Sizing: Men
- Material Upper: 3 mm neoprene
- Sole: 3 mm rubber
- Insole: 5 mm neoprene
