

# NRS Sweatshirt Varial Hoodie Quarry

NRS

Product number: NRS-VH-QRRY

Premium sweatshirt with face mask and UPF 50 sun protection.

0,00 €\* 0,00 €

If kayak anglers could only have one piece of (non-safety) apparel, the versatile NRS Varial Hoodie with its head-to-waist protection would be a top choice.

- The integrated sun hood and neck gaiter let you adjust to conditions on the fly, and on the water, without taking off the shirt.
- The poly/spandex fabric dries quickly, wicks moisture and delivers UPF 50 sun protection.
- Small, laser-cut holes around the mouth and nose of the neck gaiter release excess moisture preventing condensation build-up on glasses.
- Hood and gaiter loosely hang around the neck and back when not in use.
- Construction design eliminates seams under the arms and on the shoulders to deliver friction-free zones for paddling, rowing and casting comfort with a PFD.
- Thumb loops in the sleeves extend the sun protection to the fingers by preventing vulnerable gaps between your sleeves and sun gloves.
- Material: 92% polyester, 8% spandex blend
