Discover the efficiency of Fox Rage for drop shot fishing

Immerse yourself in the world of precision **dropshot fishing** with **Fox Rage Strike Point drop shot weights**. These weights are specially designed for anglers who value quality and environmentally friendly products.

Environmentally friendly materials

Made from environmentally friendly brass, the **Fox Rage weights** offer an excellent alternative to conventional lead weights. With these weights you are making a stand for environmental protection without compromising on performance.

Discreet presence in the water

Thanks to the grey camouflaged camo finish, the *Fox Rage Dropshot weights* remain invisible to fish underwater. This camouflage maximises your chances of a successful catch, as the natural caution of the fish is not provoked.

Practical and quick assembly

The diamond-shaped mounting eye is a striking feature of the **Fox Rage Dropshot** range. It enables uncomplicated and secure attachment of your bait and supports the natural movement of the bait in the water.

Choose your ideal weight

Whether you're fishing shallow streams or deep lakes, the *Fox Rage Strike Point Dropshot weights* are available in a range of sizes: 5, 7, 10 and 12 grams. Each size is specifically designed for use in different

waters, both freshwater and saltwater. This selection allows you to perfectly adapt your technique and fully utilise the potential of dropshot fishing.

Rely on the expertise of Fox Rage to enrich your fishing experience with high-quality weights for drop shot fishing. These weights are not just an accessory - they are an essential part of successful and environmentally conscious angling.
