These slim, strong boxes offer a clever solution when you're out on the bank. Using foam inserts to store jigheads and or hooks, as well as shallow trays for other items, these boxes reduce item movement and therefore reduce noise.

- Slim design
- Tight construction to avoid small items moving around
- Removable, slotted foam panels for jighead and hook storage
- Removable dividers
- The strongest light box on the market
- Full width lock for security but easy to open
- Smoked plastic finish
- Ideal for small items storage
- Box sizes designed to work as a storage system
