Organise your fishing tackle with a system - Rapala Tackle Tray

The **Rapala Tackle Tray 276 OF artificial bait box** revolutionises the storage of your fishing tackle. Designed for anglers who value organisation and quick access, this **tackle box** offers maximum efficiency with its robust design and practical Quick Latch system.

One-handed operation and secure storage - always and everywhere

Thanks to the intuitive Quick Latch system, the **Rapala bait box** can be opened and closed effortlessly with one hand. This leaves more time for the essentials: the catch of a lifetime. The integrated feet also allow vertical storage, so you can always keep an overview in the boat or at home.

Designed for versatility - foam insert for all types of bait

Whether hard baits, soft baits or other accessories - the high-density slotted foam of the **Rapala artificial bait box** keeps your equipment safe and within easy reach. The rewritable labels allow you to keep track of your equipment and personalise your box.

Robustness that convinces - your equipment safely protected

The **artificial bait box** is made of extremely rigid material that is resistant to both cold and heat and protects your equipment in all conditions. UV resistance also ensures long-lasting protection from the sun.
