Long rod tube for the assembly on a boat or kayak.

from 24,99 €* 24,99 €

Fishing rod holder for boats & kayaks that is easy to mount and keeps your rod elevated.

The Rod Tube from RAILBLAZA has been designed to answer a lot of requests from customers who were wanting a simple fishing rod holder for boats and kayaks, while keeping their reels elevated and clear of waves and splash.

If you are wanting one of the best rod holders on the market, look no further. The Rod Tube is simple to mount to the side or other locations on your boat or kayak by using any StarPort. It is also quick and easy to reposition if you are wanting a different angle, and can be rotated 360 degrees. The RAILBLAZA innovative drop-down gimbal also allows you to keep your fishing pole high and dry, otherwise you can open the gimbal, and push your fishing rod all the way into the end of the tube.

The Rod Tube is available as a complete kit with StarPort HD or as a Rod Tube only to fit all other RAILBLAZA ports.
