

BKK BB Trigger-21 UVO Stinger Rig

BKK®

BKK

Product number: BKK-TRGUVO

The BB Trigger-21 is BKK's stinger rig for big soft baits developed in collaboration with Black Bay Lodge.

from 12,49 €* 12,49 €

Undergone through extensive testing with numerous big Irish pike, this stinger rig boasts a set of features that re-defines the concept of a stinger rig:

- Front spring to secure the rig onto the bait
- Tempered stainless steel components for robustness and extended durability
- Stiff structure that perfectly adheres to the bait profile
- Pins covered in plastic material to secure the rig to the bait body
- BKK Spear-21 treble hooks for unparalleled penetration
- Stainless steel swivels to buffer torsional forces
- Pairable with the BB lead system to adjust the sinking speed and pattern of the bait (2.5g lead included in the package)

It comes in multiple sizes to suit a wide variety of soft baits. Adding the BB lead along the rig also stabilizes the swimming action of the lure and enhances its attractiveness during the fall. Ideal for stop-and-go retrieve.
