

Jenzi Inline Flounder Spoon mounted 110cm UV Military Green

Jenzi

Product number: JE-IBTTL-UVM

Fully assembled, UV-active lure spoon for flatfish fishing.

from 5,60 €* 5,60 €

The spoon is a fully assembled rig with two hooks (swivel, hook, spinner-blade, line, and illuminated beads). The varied colors and the illuminated beads increase the fish's aggressiveness. Allow the spoon to sink – a slight lift of the rod-tip and 2-3 cranks on the reel and repeat. The created dust-cloud gets the fishes attention and produces a reaction.

Comes delivered in three separate weight classes and color variations. Manufactured from zinc (not lead)!

- Length: approx. 110 cm
