The Sensas Triple Swivel is characterised by its Hi-Speed properties that allow for fast and smooth rotation. These high-speed swivels minimise the risk of tangles and provide improved control when fishing.

Thanks to the robust construction and the use of high-quality materials, the Sensas safety swivel is extremely durable and reliable. The black coating of the swivel gives it additional stability and protects it from corrosion.

The Sensas triple swivel is easy to handle and can be easily attached to your fishing line. It is suitable for beginners and experienced anglers alike and offers unsurpassed performance on any fishing adventure.
