

# Daiwa Prorex Titanium Leader 22kg 0,3m

Daiwa

Product number: 17925-825

4,49 €\* 4,49 €

Titanium leader material is hardly susceptible for kinkings, which is a great advantage. Thus it is distinctly more durable than usual 1x7 or 7x7 steel wires. Additionally titanium leaders provoke less tanglings during the cast and at active retrieving!

**Equipped with extremely strong Prorex swivels and snaps.**

Ideal for twitching and jerkbaiting with plugs!
