After the big success of the Cast'izm 25QDA calls for a more affordable reel with the same pioneering advantages quickly grew louder. Now also the **Emcast 25A** offers the advantages of a 25mm spool stroke in combination with a broad longcast spool and a very small compact body. Thus with this reel you get all the functions of a big pit reel combined with a markedly smaller and more lightweight reel body. The Emcast 25A is the perfect choice for carp fishing, feeder fishing and even light sea fishing.
