0,00 €* 0,00 €

The rod series Crazee from A-Tec contains extreme light and high-grad carbon rods at a good price-performance ratio.

The spinning rods **Crazee Flatfish S962M/S1062M** are specially designed for shore fishing and come with a casting weight from up to 35g resp. 40g.

These two rods impress with a precious look and premium components like, for example, a carbon blank, Fuji guides and a Fuji VSS reel seat.
