

Daiwa Spinning rod Ninja X Spin

The spinning rod series with that extraordinary price-performance ratio. The thin High Modulus Carbon blank lies light and well balanced in your hand and offers an optimal feeling for the lure. Classical spinning rods with tip action. These rods are designed as real all-round spinning rods. Perfect for fishing with shads, plugs, spoons and spinners. The handle section offers enough power reserves to tire every fish securely.

- High modulus carbon fiber blank (HMC)
- Thin and lightweight blank design
- Brading-X handle section
- Aluminum oxide guides
- Transportation holdall
