

# Illex Ashura Spinning rod The Artist X5 Dark Elf

Illex

Product number: IL-TAX5DE

Premium spinning rod with innovative X5 carbon blank for even more performance at even less weight.

The rod series **The Artist** from Illex offers spinning and allround rods of the highest quality standards for fishermen, who cast their rods from the shore or a boat.

The new X5 carbon blank is made of special pre-preg carbon mats, where the fibres are oriented along three different angles. This causes a even more powerful but lighter blank, whereby unsuspected casting ranges with hard and softbaits are possible and every little movement under water immediately is transferred to the fisherman.
