

Jenzi Spinning rod Rock 'n' Street

Hardly any other type of fishing is responsible for such outstanding catches. The sensitive tip allows a perfect bait guidance and the hard backbone sets the safe hook. The blank as well as all components were kept as minimalist as possible to guarantee a long and effortless fishing. A highlight is the shape of the handle, which allows a blank contact with the finger while fishing - reason: finest bite detection! Rock 'n' Street finds its ideal operating site for drop-shot and vertical fishing from the boat, on sheet piles or from the shore.

Features of the Rock 'n' Street:

- Extreme lightweight
- Fine tip with a strong backbone
- Lightweight reel holder for effortless fishing
- Noble design
- high-density 2-section EVA handle
