Premium carbon spinning rod out of the house Lucky John.

169,00 €/Stück

Weight: 0.138 kg

169,00 €* 169,00 €

The Basara is a fast action spinning rod like from a storybook. Ideal bending curve, light weight and incredible casting distances.

The Basara is made from extremely high-quality 30T carbon fiber from Japan and is equipped with Fuji ceramic SiC single-strut guides for optimum line guidance. The high number and the specific placement of the guides on the blank follow a new concept for performance optimization.

- Blank Material: 30T Carbon
- Fast Action
- Dowel Connection
- Ergonomic EVA handle
- Lightweight, single-strut guides
- Fuji SiC rings and Fuji reel seat
