The **Bay Area Commander** is literally made for fishing for sea trouts – with this rod you can cast spoons of up to 30g effortlessly towards the horizon the whole day long.

The rod features a tremendous elasticity and enables greater casting distances than you are used to with much longer rods! The distinct tip action in combination with the X45® carbon fiber construction buffers every headbutt perfectly!

This rod is also ideally suited for light jigging with soft plastic lures for perch and zander.
