from 395,00 €* 395,00 €

The versatility of the Bullseye Jig Whip 2.0 spinning rod.

The **Bullseye Jig Whip 2.0 spinning rod** stands for quality and performance in the world of predator fishing. Designed for various jigging applications, this rod offers the ideal balance of sensitivity and power in its different models. With ten models available, the Bullseye Jig Whip covers a wide range of uses, from light to heavy jigging, both from shore and from boat, kayak or belly. The Jig Whip 2.0 models feature high-quality FUJI components for maximum performance and durability.

The Bullseye Jig Whip 2.0 spinning rod embodies an impressive fusion of technology and design. The blank of the rod, made of LWC-40t or LWC-46t composite material, guarantees outstanding sensitivity and enables precise lure guidance, which is essential for successful jigging. The FUJI Titanium Torzite K Guides ensures maximum casting distances and highest accuracy, while the ergonomic FUJI VSS reel seat ensures comfortable handling even on long fishing days. The careful selection and arrangement of components, coupled with the high-quality workmanship, make the Bullseye Jig Whip 2.0 spinning rod an optimal choice for ambitious predator anglers.

- Perfect length for versatile applications
- FUJI Titanium Torzite K Guides for maximum casting distance and highest accuracy
- Sensitive tip for excellent bite detection
- Strong backbone for safe drill of capital predators
- High quality FUJI components for long fishing days without wrist pain

The Bullseye Jig Whip 2.0 spinning rod is more than just a fishing rod - it is a reliable companion for all predator anglers who value quality, performance and versatility. The well thought-out design and high-quality workmanship make each version of this rod series an indispensable tool for successful fishing trips. Rediscover the world of jigging with the **Bullseye Jig Whip 2.0** and experience how this excellent spinning rod lifts your fishing experience to a new level.
