

Hearty Rise Black Force Allround Spinning Rod

Hearty Rise

Product number: HR-BF-SP

High quality allround spinning rod for fresh and salt water.

from 249,00 €* 249,00 €

In recent years, the demand for a low-priced all-round spinning rod series has increased enormously, both in freshwater and saltwater uses.

In the new Black Force series, we now do just that without sacrificing Top Hearty Rise quality.

The blank was produced using the NET-V II technique. The used Fuji K FaZlite guide set is completely new on the market and with its CC surface on the frame is 7 times less susceptible to corrosion than conventional stainless steel frames. The blue FazLite surface not only looking good, but is Fuji's answer to cheap No Name SIC guides from various manufacturers.

The action of the rods is fast, but not too fast. It polarizes less. Just a balanced allround rod that can be used for almost any purpose.

Whether perch, pikeperch, pike, pollack, coalfish, seabass or cod. She always works well.
