Brings trout fishing at your lake or creek to the next level!

0,00 €* 0,00 €

The 3 new trout rods of the Lake Master series take your experience at the trout lake or creek to a whole new level. Ultra light, perfectly balanced and with incredible responsiveness.

All rods are made of carbon and equipped with a two-part EVA handle, which allows direct contact with the blank, so that you can recognize every little bite and react immediately. Even the ground contact of softbaits and co. is noticed immediately.

- Material: X5 Carbon
