from 10,79 €* 10,79 €

Designed specifically for L and UL fishing for perch, chub, trout and multiple marine rock species like horse mackerel, gobies, blennies and wrasse either bouncing bottom or on straight line retrieves. Great with a range of small soft baits - (Scissor Comb 3, Wobbling 3, Magic Slim Shad 2 & 3, Magic Craw 50 & 60, Magic May Fly 2.6... The weight is made from eco-friendly pure tungsten that is denser than lead and lets you read the bottom better. The low centre of gravity perfectly balances even the smallest soft baits in the water. We have selected first class wide gape hooks that are ultra-sharp and strong. We have included a drop of red epoxy resin to help secure your lure in a way that does not damage the rubber. The UV red colour also acts as a trigger for following fish.
