

Illex Finesse Hooks Wide Gape Texas

Illex

Product number: IL-FH3145

Lightweight, highly loadable finesse hooks with an amount of carbon.

6,29 €* 6,29 €

The Finesse Wide Gape Texas is a hook with balanced carbon content, which makes it light and at the same time highly resilient. You can use it for all Texas rigs, but in herbaceous or obstacle-rich waters it's also the first choice for drop shot. The long and extremely sharp tip penetrates easily into the fish's mouth.
