Railblaza Webeye30 Hook pair of 2

If you can't hold it, hang it. The Webeye30's simplicity belies its usefulness. It fits into any RAILBLAZA StarPort and is made for webbing straps, reducing fold-over and fraying. They can assist in securing large items like cannisters or dive bottles, and have been known to hold the tips of fishing rods when paired with a G-HOLD.

RAILBLAZA Part Numbers:

02-4005-11 Webeye30 Pair (black)

02-4005-21 Webeye30 Pair (white)

What You Get:

2 x Webeye30s

Construction Materials

- 15% glass-filled nylon

Instructions

- Insert the Webeye30 into the StarPort at the preferred orientation.
- Slide the StarPort™ lock to secure the Webeye30 in position.

Note: The Webeye30 will also fit into the winch handle receiver of most top brand sailboat winches. Please

note that it will not lock into place for this application.

More About StarPort™

- StarPorts can be surface or recess-mounted on any sail or power boat, kayak, utility vehicle or ATV.
- Low profile surface mount and minimal intrusion depth when recess mounting.
- Each StarPort™ includes a stylish locking slide for securing accessories firmly in place.
