

NRS Angler's Buoyancy Aid Raku Fishing PFD Charcoal

NRS

Product number: NRS-RF-CC

medium profile fishing life jacket

124,99 €* 124,99 €

Anglers looking for a more traditionally designed jacket should choose the NRS Raku PFD featuring a ventilated, thin-back that comfortably fits any kayak, raft or drift boat seat.

- The Raku is a medium profile fishing life jacket certified in accordance with CE EN 393.
- The thin back construction distributes the PlushFit™ foam flotation more broadly to reduce bulk and improve the fit.
- Five-panel design conforms effortlessly to your body's shape, following your movements as you paddle, row, cast and land.
- Two large, zippered pockets, sized for tackle boxes, with internal organization, plus two smaller accessory pockets with hook-and-loop closure.
- A fifth, tool holder pocket offers quick access to pliers, line cutters or other fishing gadgets and accessories.
- Also features a rod holder, reflective accents and knife lash tab.
- Convenient front, zippered entry and six adjustment points for a customized fit.

This buoyancy aid isn't a life saver. To survive, you need to be able to swim. This buoyancy aid is just a swimming support.

Level 50 PFD - ISO 12402-5 Swimmers only, sheltered waters, help at hand, limited protection against drowning, not a life jacket.
