Designed for athletic performance, the NRS Ninja PFD is the ultimate low-profile jacket for paddlers of all persuasions. We've concentrated all the flotation into a smaller surface area for unbeatable range of motion, so the Ninja stays out of your way and off your mind.

- Soft PVC-free foam panels are shaped for comfort and the floating front panel follows your movements and doubles as a handwarmer on chilly days.
- AirMesh fabric on shoulder straps and inner panels provide ventilation throughout the jacket.
- Side-entry with six adjustment points for a customizable fit.
- Redesigned front clamshell pocket features internal organization for essentials and the dual-entry zippers create a frosty-beverage-compatible pocket.
- Features a lash tab and strap garages.
- The Ninja is a great option for adults with short torsos or petite kiddos who have grown out of youth jackets' weight range.
- The Ninja is a low-profile life jacket certified in accordance with CE EN 393.

This buoyancy aid isn't a life saver. To survive, you need to be able to swim. This buoyancy aid is just a swimming support.

Level 50 PFD - ISO 12402-5 Swimmers only, sheltered waters, help at hand, limited protection against drowning, not a life jacket.
