

NRS CFD Dog Life Jacket

NRS

Product number: NRS-CFD-DLJ

Life jacket so you can take your dog out on the water without worry.

59,95 €* 59,95 €

Whether your dog prefers sunbathing on the side tubes or splashing ahead in the riffles, the NRS Canine Flotation Device (CFD) gives your buddy extra flotation. The simple design won't hinder lunchtime frolics and the integrated handle makes hauling them back in the boat easy.

- Rugged Ripstop Nylon construction to handle the antics of nose-down-tail-up-crash-through-the-wilderness pups.
- Seven-panel design effortlessly wraps your pup in protection.
- Enhanced customized fit with two buckled side straps and a third, ladder lock adjustment point around the neck.
- Additional foam under the neck and belly provides extra buoyancy in tough swims.
- Back on land, the CFD doubles as a walking harness when you clip a leash through the durable, metal D-ring.
- Integrated grab handle for easily hauling your pup back on the boat after an unintentional (or intentional) swim.
- Outer Fabric: 420-denier ripstop nylon
- Entry System: Side buckle
- Adjustment System: 4 - Side / 1 - Shoulder
- Features: Grab loop, Leash ring, Reflective accents
