

Yak High Back Buoyancy Aid

Yak

Product number: BAW-2752

Yak buoyancy aid with diverse pockets for angler

0,00 €* 0,00 €

The ultimate buoyancy aid for your next touring adventure, river calm or choppy sea, the High Back 60N provides the most advanced solutions in comfort technology design. It's raised back profile buoyancy placement means that no matter what type of boat you are in, you can be assured of its comfort properties.

In addition the High Back 60N provides breathable air mesh air flow technology helping you stay cool on even the warmest of days and a sculpted foam design helping to ensure the buoyancy aid moulds to the shape of your body to help ensure you are as fresh and comfortable when you arrive as when you set out.

This buoyancy aid isn't a life saver. To survive, you need to be able to swim. This buoyancy aid is just a swimming support.

Level 50 PFD - ISO 12402-5 Swimmers only, sheltered waters, help at hand, limited protection against drowning, not a life jacket.

- Adjustable shoulders
- Twin waist adjustment
