

FeelFree hand steering for rudder

feelfree

FeelFree

Product number: FFK-OS-HS

Retrofittable hand steering for your Feelfree kayak, when equipped with the Feelfree Rudder Kit.

119,00 €/Stück

119,00 €* 119,00 €

The **FeelFree Hand steering** for the steering system makes it possible to pass on the pedals for navigating your kayak. From now on, when pedaling the Feelfree Overdrive System, you don't need to stop pedaling for changing your direction and for sure steering is much more comfortable.

While installing the hand steering please strictly follow the instruction manual.
