Weight: 54 kg

2.199,00 €\* 2.199,00 €

Introducing the all new Seastream Angler 120 PD, featuring the Rapid Pedal Drive system!

The Angler 120 PD was designed for the dedicated kayak angler who's not only looking for the most in angler ready features, comfort, convenience and stability but also the option to put down their paddle for a true hands-free experience. This kayak was specially designed to accommodate the Rapid Pedal Drive, featuring the smooth steer system, combined with the oversized Beaver Tail rudder for the ultimate propulsion experience.

Made for Fishing - the Angler 120 PD's name speaks for itself, offering a variety of angler-ready features including the UNI-Track accessory system, flush mounted rod holders, rod tip protection for horizontal rod storage, oversized tank well area and the ability to stand with confidence when casting or reeling one in. However, comfort is king and that's how you'll feel on the EZ Rider multi-position wide seat - perfect for those long days on the water. If kayak fishing is one of your most valued passions, and you want to get there fast and fish longer, the Angler 120 is the kayak that will meet your needs.
