

# NRS Inflatable Kayak Star Raven II

NRS

Product number: NRS-STRRVN2

Premium inflatable tandem kayak.

1.179,99 €\* 1.179,99 €

Paddle the STAR Raven II Inflatable Kayak with a friend for whitewater thrills and lazy-floating fun. Or, load it with gear and paddle solo for multiday adventures.

- The tandem Raven II gives you unlimited possibilities for fun and adventure on the water.
- The Raven II's drop-stitch PVC floor insert inflates to a rigid 8-10 psi giving the paddlers a stable and comfortable position above the water.
- Two folding padded folding seats provide a strong and comfortable paddling position.
- The adjustable seats attach quickly to D-rings in the boat, making the Raven II easy to set up, roll up and store.
- Additional hook and loop fasteners attach to the floor to keep the seat solidly positioned.
- Two easy-to-use straps hold the drop-stitch floor insert securely in place.
- Bow and stern handles make the Raven II easy to carry to and from the water.
- STAR inflatable kayakers are built with advanced-formula PVC material using state-of-the-art seam welding technology, resulting in superior abrasion resistance, longevity and air retention.
- Top-quality Leaffield™ C7 valves ensure trouble free inflation and deflation.
- Includes carry bag, pump and repair kit.
