

Jonny Boats Transom Motor Plate Fit Kit Set

Jonny Boats

Product number: JB-TMP

Easy-to-install motor plate for attaching motors

Weight: 0.5 kg

99,99 €* 99,99 €

The Transom Motor Plate gives you the ability to safely mount a variety of electric trolling and gas powered motors along with electric outboards such as the Torqeedo Travel to the Bass 100. This plate is designed to offer additional support for the protection of your boat and can be installed within minutes.

Mounting hardware included

We do not recommend you use anything larger than a 2.5hp Outboard Motor or 3hp Electric Outboard.

* incl. tax, plus [shipping](#)
