Feelfree Uni Track Accessory Plate

The Feelfree Uni Track Accessory Plate allows you to quickly mount kayak fishing accessories to your Feelfree kayak without drilling any holes. Simply attach your accessories to the Uni-Track plate and then insert the Track Runner into the Track Rail and cam the locking levers in place. With the cams released you can slide the plate forward or backward to any position on the track rail. When locked, you'll have a bombproof connection to your gear. The Feelfree Uni-Track is compatible with all Feelfree kayaks that have the integrated Uni-Track system and is compatible with most popular fishing accessories on the market.

- Fits into any FeelFree kayak with the Uni-Track system
- Add accessories without drilling into your boat
- Includes Track Runner and safety leash to prevent dropping overboard
- Position accessories anywhere on the Uni Track rail
