

NRS WRSI Trident Helmet Kayak Safety Phantom

WRSI

Product number: NRS-TRI-PH

First class carbon composite kayak helmet from WRSI for the best safety

199,99 €* 199,99 €

The WRSI Trident Helmet combines durable carbon-composite construction with the safety standards WRSI is known for. With its sleek design and minimalist bill, the Trident brings a little personality to the typical boater's helmet.

- A rugged carbon-composite outer shell combines with an EVA foam liner and a polyurethane sub-shell to effectively dissipate impacts.
- Adjustable O-Brace Harness conforms to the back of the head to help keep the helmet safely positioned.
- The Interconnect Retention System securely holds the helmet in place under hydraulic forces. As the force of the water pushes the helmet back, the interconnect system self-adjusts to hold the helmet firmly in place.
- A plush, breathable liner compresses and conforms for a secure, comfortable fit.
- Easily remove the liner to dry out, wash or replace.
- The small visor delivers out-of-the-box sun shade.

WRSI stands for Whitewater Research and Safety Institute, an organization founded to advance whitewater safety awareness and technology.

Size	Head Circ. (cm)	Head Circ. (in)
