What's a kayak without a paddle? Don't lose yours.

Tether your paddle to your wrist or deck rigging with the NRS Coil Paddle Leash, and save yourself a swim and maybe some money.

- Expands from a compacted 46 cm to a full 152 cm stretch.
- Snap swivel lets you easily disconnect the leash when necessary and prevents twisting so you don't have to stop and unravel your leash.
- Attachment end secures to your wrist or your boat giving you multiple safety options.
- We've included a zippered bag with carabiner for compact storage on or off the water.

This product is not intended for use in whitewater applications due to possible entanglement in swift water.
