

Railblaza Echo Sounder Plate Rotating Platform R

Railblaza

Product number: RB-915053N

Mounting plate for echo sounders with StarPort connector.

16,99 €/Stück

~~19,40 €~~

16,99 €* 16,99 €

A platform for mounting fish finders or chart plotters with U shaped brackets, this is the ideal platform if you need the ability to easily remove your sounder or navigational aid. Once locked into a StarPort the platform can be turned a full 360 degrees.

All that remains on the deck once it's removed is a low profile Railblaza mount.

The Rotating Platform R can be used as a flat surface to make many items StarPort compatible, meaning these items can all be plugged in and locked in place on your inflatable, kayak, sailboat or any other place that will take a StarPort. Once you have finished using the platform it can be removed and the StarPort can be retasked for another application.

Fits most fish finder brands, including: Lowrance Hook2, Lowrance HDS, Lowrance Elite, Garmin Striker Plus, Garmin Echomap, Humminbird Helix, Humminbird ICE Helix

You may need to drill holes to fit some sounders.

Use the Railblaza Rotating Platform R with any Railblaza StarPort.

Specifications

- Railblaza Part Number: **02-4136-11**
- What You Get: 1 x Rotating Platform R Size 160 x 60mm
- Construction Materials:
 - Platform & Adaptor - UV stabilised fibreglass reinforced plastic
 - Stainless steel fasteners
