RAILBLAZA Universal Kayak Motor Mount Bracket

Are you looking for a strong and secure way to mount your motor to your kayak? Do you need it to be removable? RAILBLAZA have you covered.

The RAILBLAZA Universal Kayak Motor Mount Bracket combines the flexibility of RAILBLAZA mounts with some clever design, delivering a mounting bracket for electric outboards and even petrol outboards up to 2.5HP.

Super easy to clip on and off, your kayak can change from paddle only, to motor ready in under 30 seconds.

This bracket will fit almost all models of kayak, and is suitable for, but not limited to, the following motors

- [Minn Kota](#), all transom mount models
- MotorGuide, all transom mount models
- Water Snake, all transom mount models
- Torqeedo, all transom mount models
- Honda Marine 2HP
- Mercury 2.5HP
- Yamaha 2HP

For added versatility you can add a RailMount 32-41 or two (not included) to add rod holders, lights or camera mounts just behind the cockpit.
