

NRS Gloves for boat and kayak Hydroskin Gloves gray heather

NRS

Product number: NRS-HYDR-GRYH

Thin neoprene gloves for every situation.

39,95 €* 39,95 €

When it's too cold to go gloveless, but you don't need winter protection, NRS Men's HydroSkin Gloves will cut the chill without sacrificing grip or feel. Less bulk, total comfort, just enough extra warmth.

- Great for those in-between-weather trips, or for when the air's warm but the water's cold (or vice versa).
- The 0.5 mm neoprene core layer insulates and protects without adding too much bulk.
- The PowerSpan™ exterior stretches in four directions, allowing unrestricted use of your most important paddling equipment - your hands.
- The ThermalPlush™ inner lining increases insulation, repels moisture and dries quickly for added comfort.
- Silicone pattern on the palm and fingers provides a better grip and added durability.
- A durable water repellent (DWR) coating helps the gloves shed water, reducing evaporative cooling.
- Pairing snaps on the wrists help keep the gloves together.
- A fitted, stretchy slip-on wrist cuff makes the glove easy to put on and take off.
