

Native Watercraft Cam-Lok Double Paddle Rest (Pair)

Native Watercraft

Product number: NWC-CLOK

Versatile paddle holder that adapts to the diameter of the paddle.

24,90 €/Stück

24,90 €* 24,90 €

The ingenious design of the Cam-Lok paddle holder makes them particularly versatile and easy to reposition. They fit into any Groove Track rail and allow you to attach the paddle across or parallel to the boat.

The soft rubber ensures that the paddle sits securely and firmly without scratching or causing noise when jamming in or out.

Thanks to the rubber, the Cam-Lok paddle holder can hold a.o. rod ends of various diameters very well.
