

Railblaza Sideport Mounting system

Railblaza

Product number: RB-91501X

Mounting system by Railblaza

Weight: 0.068 kg

11,99 €* 11,99 €

The RAILBLAZA StarPort is a unique and versatile mount, if you need this versatility from a vertical surface, but require a horizontal socket, SidePort is the mount for you.

Ideally suited for gunwales of smaller tinnies, vertical cockpit wells on kayaks and any other application where you have a vertical surface, but need a horizontal StarPort.

Fitted in only minutes, and sold with all necessary stainless steel fasteners the SidePort is a fantastic mount and great value for money.

IMPORTANT: Use of petroleum based lubricants on the StarPort slide will cause failure. Silicone based products are best suited (please check contents of lubricant before using).

RAILBLAZA Part Numbers:

Black: **03-4014-11**

White: **03-4014-21**

Delivery includes:

- 1 x SidePort
- 2 x 12-gauge x 32 mm self-tapping screws
- 2 x M6 x 35 mm machine screws, washers & nuts

Construction Materials

- SidePort AES – (Acrylonitrile Ethylene Styrene)
- Locking Slide – Polycarbonate

- Stainless Steel Fasteners

MOUNTING INSTRUCTIONS:

- a. Drill holes in surface you are mounting your SidePort to.
- b. Position SidePort into place.
- c. Tighten nuts or screw heads to a firm tension.
- d. Ensure you have adequate clearance behind the surface for screw and/or bolt penetration, and that no cabling, plumbing or rigging will be adversely affected.
